

Utterleden's Marathon

Utterleden's hiking marathon has taken place for four years in a row. The number of participants during the last two years has been around 260 hikers and runners. Utterleden is 52 kilometers long and the terrain is varied. The trail is well marked and even inexperienced hikers can experience the trail on their own, but Utterleden's hiking marathon gives an opportunity to experience the journey with like-minded company, and services are offered all throughout the hike at a number of stations.
