

Westerlund's Inn

Westerlund's Inn was established in 1923. The building has afterwards undergone several renovations and the guideline has always been to retain the old style. The building is located in the middle of the oldest part of Pietarsaari (founded in 1652), the "Skata"-area. Skata is a district in the northern part of Pietarsaari centre consisting of about 50 blocks. The oldest buildings are from the 1700's. We offer single, double and triple rooms to reasonable prices, and breakfast is also available for an extra fee.
