Föusfiness

Our "Föus" is a typical barn from the 1950s. Here there were places for cows, pigs, etc... For 20 years the barn stood empty, but on May 16, 1998, the doors swung open again. To thank for this was creative thinking and the will to preserve the old. Today, we have a flexible, functional restaurant with a range of spaces to offer, such as, an inside plaza, FöusKämppa (Our exclusive cabin), as well as many other typical rural specialties.

We have hosted all of life's events, from baptisms to memorial services. At Föuse you can also arrange professional development days and activities of all sorts. We also arrange birthday parties, company parties, and other events. Why not try a bit of turbo-fun with our pedal cars? We are at your service for all that it is important in your life.

We offer personalized, home-like, cozy togetherness!
